No. 1

ROSTER OF AFRICAN WOMEN EXPERTS 1988

LG/NAIROBI

UNITED NATIONS
Economic Commission for Africa

PREFACE

This Roster of African Women Experts (first edition) has been compiled by the African Training and Research Centre for Women of the United Nations Economic Commission for Africa. The main purpose of the roster is to make available to users a list of African Women Experts whose expertise would be valuable in undertaking activities such as research studies and consultancy services as and when needed. Accordingly, in the long run, the roster will create self-reliance on human resources utilization among developing countries.

The Curriculum Vitae of the experts compiled in this roster include those who had worked on a long and short term basis with the Centre, those who have applied for a post and those whose activities in one way or another have been related to the work of the Centre. This roster will be updated every two-years. Any interested African woman with a first degree can send in her Curriculum Vitae to be included in the next edition.

It is hoped that such a roster will help in the sharing of knowledge and experience and further the cause of development of the African region.

African Training and Research Centre for Women

1500 Amenuvor, Besa Kwasi 1945 Ghana

P.O.Box 9939
Accra, Ghana

Agricultural Education, M.Sc., 1979, North Dakota State University, USA.
